STAT

1. I have reviewed referent request to concur in the publication of the two volumes of the document entitled [redacted] prepared by [redacted] Subject to satisfying the coordination required in paragraph 2, I concur in your recommendation that this document be published in the unclassified version under the auspices of the Center for the Study of Intelligence simultaneously with its release to Mr. Anthony Cave Brown, who has requested the identical document under the Freedom of Information Act. I agree that the published history should carry the caveat that it was the product of the author alone and is not the official position or product of the Agency.

2. I have concurred in the publication of this document on the basis that we currently have an FOIA request which requires us to review the two volumes of work and thus will most likely result in their release in an unclassified version. The Classification Review Division (CRD) of the Information Services Staff (ISS) has recently reviewed [redacted] as part of the FOIA processing of Mr. Brown's request. Based upon CRD's review, the two volumes of [redacted] may be declassified in their entirety subject to concurrences being obtained from the following:

b. The FBI - the bracketed passages on pp. 25, 27, 329, 361, and 362.

c. NARS - the bracketed passages on pp. 369 and 370.  
(These quote classified Truman papers.)

d. The JCS - the entire volume, because JCS originated documents are used pervasively throughout the world.

e. The DOD - same as the JCS, DOD documents are used pervasively throughout.

In addition, CRD has presumed that the author has obtained publication clearances from private persons and/or for private papers as quoted throughout the document. ~~If this is not so, these clearances should also be obtained before the document is published.~~

3. The results of the FOIA review by the Classification Review Division of ISS have been forwarded to the Information and Privacy Division for further processing of Mr. Brown's FOIA request.
